

Hogwarts Institute — Placement Eligibility Rules

Synthetic Demonstration Data | CampusAssist Capstone

General Eligibility

A student may participate in general campus placement activities if the student is a final-year student, has a cumulative GPA of at least 7.0 on a 10-point scale, and has no active academic backlog at application time.

Backlogs

Students with one or more active backlogs are not eligible for general campus placement registration under this demonstration policy. A cleared backlog no longer counts as active once the academic record is officially updated.

Attendance

Students must satisfy the institute's academic attendance requirements. This document does not define a separate universal placement attendance percentage.

Company-Specific Eligibility

Individual companies may impose stricter or additional criteria, including higher GPA thresholds, specific subjects, graduation-year restrictions, or skills. Company requirements apply to that recruitment process.

Exceptions

This document does not define exceptions for medical circumstances, disciplinary cases, special accommodations, or other exceptional situations. Such cases require official review.

Final Authority

The Placement Office confirms official eligibility. CampusAssist may explain documented criteria but must not make a final eligibility decision.

Example

A final-year student with GPA 7.4 and no active backlog satisfies the general criteria, but this does not guarantee eligibility for a specific company.

Important Limitation

Fictional synthetic data created solely for the CampusAssist capstone; not real eligibility rules.
